Dear student,

Greetings and well wishes. Covid 19 is here; fierce and creepy. Where are you? Well, we are all in isolation. As a way of encouraging you during this challenging time, I write to you this open letter thru your parent/guardian.

You are the person who is responsible for your happiness. We can only show the path but you have to make it, so think about your life carefully and wisely. I know you can do very well in your life. I don't have to give so many directions to you because I have seen you have a very good ability to work hard. A person who works hard will surely gain anything he wants.

Being a good student, the most important thing to remember is that Laziness is your worst enemy and Hard Work is your best friend. Education is the rocket which will propel you towards success. All you have to do is have an aim and focus. Good grades are stepping stones towards getting into a good University/college, getting a good job and eventually living a good life. Shun those complacent C's, avoid those boring B's and strive every single day, to get those awesome A's.

Time can be your best friend and your worst enemy depending on whether you use it or waste it. During this Isolation at home, you can study quite a lot. Imagine that student who only wants fun or what many call 'kujibamba'; social media, latest music, video games, watching Tv, Movies and series. By the time we get back, s/he will be disoriented and confused requiring taking very long to catch up with the others. I hereby urge you to always complete the tasks given. Balance your time for leisure and rest. Assist your Parents/guardian and siblings.

May God protect you, may his face shine upon you and may he guide you to your destiny. Keep safe.

Your mentor,

Mr. Ndivo
